renters

subsidized housing

Community Data Program
CCSD's flagship initiative

Source: Statistics Canada, 2016 Census of Population; CMHC, Vacancy rates for apartments (http://www.cmhc-schl.gc.ca/odpub/esub-/64667/64667_2015_B02.pdf?fr=1453147699585). Note: After-Tax Low Income Measure (LIM). Households spending more than 30% of total income on shelter costs are considered to be experiencing affordability issues. "Shelter costs" include monthly rent or mortgage payments, condo fees, and property taxes as well as the costs of electricity, heat, municipal services, etc. The Community Profile series is produced by the Canadian Council on Social Development (ccsd.ca) using data available from its Community Data Program (communitydata.ca).
